

SWAMI LUSHBEARD

#ENEMY

Gotta go along, go along, go along
Just to get along, get along, get along
How'd we get It wrong, get It wrong, so long?
Time to write a song, write a song, write a song

I need an Enemy to prove I'm strong
I need an Enemy to blame shit on

Gotta disagree, disagree, disagree?
With what we should believe, should believe should be.
What the f*ck is happening to me?
How the hell did this all come to...

I need an Enemy to prove I'm strong
I need an Enemy to carry on...

Who wants a fight?

I need an Enemy to prove I'm strong
I need an Enemy to blame shit on
I need an Enemy to prove I'm strong
I need an Enemy to carry on...
